INTRODUCTION

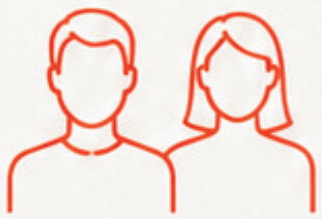

HAIRSMART

ABOUT
HAIR SMART Grow LASER 272.

The **HS Grow Laser 272** was specifically designed to help women and men with hair loss and thinning hair. Grow Laser Therapy uses Low Level Laser Therapy (LLLT) technology to rejuvenate and treat hair loss and hair thinning in patients with androgenetic alopecia. The laser light stimulates the hair follicles, provides uniform scalp coverage, reduces thinning and promotes hair growth.

HS Grow Laser 272 features 272 cool laser diodes and is powered by the provided rechargeable battery pack. The device can be easily inserted and worn into most caps or hats. A sports hat is provided with the device. While you are getting your treatment, you are fully mobile to go about your daily activities, and you can even share the device with other family members!

INDICATIONS FOR USE

HS Grow Laser 272 is an in-home laser hair regrowth treatment intended for adult males and females with androgenetic alopecia (genetic hair loss).

RECOMMENDED USE TIME

30 MINUTES

3 TIMES A WEEK

30 min three times a week, as instructed.
Do NOT exceed 30 minutes in one session.
If you choose to discontinue using the HS Grow Laser 272 you will lose the benefits you gained within four to six months.

NOTE **THIS DEVICE HAS BUILT-IN AUTO IR SENSORS.**
And Auto Switch off at 30 min.

IT MEANS, RED LIGHT THERAPY WILL TURN ON, ONLY WHEN THE DEVICE IS ON THE HEAD.

03 COMPONENTS

HAIRSMART

Dome- LLLT Haircap with Laser diodes with USB cord

Cloth Cap

Carrying Case

User Manual

Warranty card

Total Energy:	1360mW

ELECTRICAL SAFETY & OTHER PRECAUTIONS

- Do not put tension on the cord when untangling or straightening. This may break the cord or connections and could result in a malfunction or electrical hazard.
- After using, clean the inner surface of the cap with an alcohol wipe or moist soft cloth.
- Do not place or store the battery or unit where they can fall or be pulled into a tub or sink. If the device accidentally falls into water or other liquid, unplug it from the electrical outlet immediately. **DO NOT REACH INTO OR TOUCH THE WATER WHILE THE UNIT IS CONNECTED TO A POWER OUTLET.**
- Avoid getting the system wet. This may result in electric shock.
- Never use HAIR SMART Grow Laser 272 when your hair is wet.
- Never operate the system if it has a damaged cord, plug, or laser diodes.
- Keep the cord away from heated surfaces. Contacting a heated surface with the cord or a plug can cause the product to malfunction and produce an electrical shock.
- Only use HAIR SMART Grow Laser 272 according to the instructions provided. Any other use is not recommended.
- Do not attempt to modify this equipment. Only use as described by this manual. This device has no user-serviceable parts.
- Do not stare directly at the laser light or its reflection off a mirror-like surface.
- Please keep the laser away from children and pets.
